

# PASA Conference 2018

## The Year of the Deferred

**Date – 13th February 2018**

**Venue - Plaisterer's Hall, One London Wall, London, EC2Y 5JU**

**Arrivals 14.00 to 14.30**

Deferred members of all pension scheme arrangements represent a large proportion of the members we deal with as administrators.

Join us at our 2018 conference to discuss and learn more about how we manage data, improve the transfer experience for deferred members whilst keeping vigilant for scams and how future technology could change the way deferred members interact with providers and administrators.

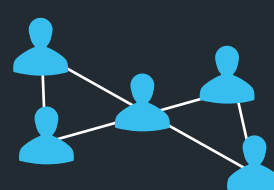

Our panel of leading industry speakers will take you through current best practice and examine the direction of future policy and regulation. Our annual meeting and networking session, takes place from 18.00 which gives you the chance to hear more about how to become PASA accredited, and the work of our various industry working groups.
